Back light LED-60 ring lamp

Product ID: 14306

Price: 82.00 EUR

Product weight: 0.70 kg

Description:

Back light LED-60 ring lamp has control of light intensity. As the only one in his price range is up to 60 high-quality LEDs. In other models, the light intensity back light controller is located a ring casing. This solution makes it impossible to installation of equipment in many types of microscopes. In this ring lamp used an external power module with adjustable which greatly reduced the size the device.
