Belkasoft Incident Investigations (Belkasoft N)

Product ID: 23320

Product weight: **0.00 kg**

Description:

Belkasoft Incident Investigations (Belkasoft N) is part of the Belkasoft X Corporate product. The module was developed specifically for businesses and is aimed at investigating hacking attempts on Windows computers. By analyzing numerous sources, you can identify traces typical of various techniques used by hackers to infiltrate a company's infrastructure and base your cyber incident response on these findings.
