Ceramic knives for removing glue QianLi 010

Product ID: 22286

Price: **26.00 EUR**

Product weight: **0.30 kg**

Description:

Ceramic knives for removing glue QianLi 010 is a set of 5 blades brilliant for scraping glue from logic boards and NAND, BGA, IC and eMMC. With an array of 5 ceramic heads, this tool is heat resistant, and perfect for cleaning up PCB holders in preparation for a new chip. The tool is also double headed for you to use your favourite scraper simultaneously. Thanks to the ceramic coating, they do not absorb temperature and clean the systems precisely. The knives are perfectly suited to the Chip-Off method.
