ECC Easy Chip - charge Power PCB

Product ID: 21865

Price: **9.00 EUR**

Product weight: **0.10 kg**

Description:

ECC Easy Chip - charge Power PCB is a TP4056 IC based, small PCB that solves problems with faulty charging controllers on phones, tablets, and navigation devices. The PCB is available in two versions - without a flashing LED (which illuminates the charging process but with outputs for connecting the LED rails to the device) and the LED version.
