EME Mobile Tool (EMT) standard

Product ID: 22445

Price: **58.65 EUR**

Product weight: **0.00 kg**

Description:

EME Mobile Tool (EMT) standard - is a professional tool for operating Xiaomi, Oppo, Vivo phones based on Qualcomm and MTK processors, which is more friendly and easier to use. It has powerful features and supports many models including Xiaomi, OPPO, VIVO, Qualcomm, Mediatek, Android and other popular models, supported Qualcomm, Mediatek and other chips. The manufacturer assures that the software is regularly updated, making sure that it supports more brands, models and systems. They thoroughly test each module and function to make sure they are optimal. EMT has a number of advanced features that have been developed primarily for the evidence acquisition market and the mobile phone maintenance market. Main EMT functions, including: disabling / enabling screen lock, reading / reset / backup / restoring screen lock, reset to factory settings, reading / viewing user data (contacts / SMS / connections / multimedia files / third party application), read / delete / write partitions and other related functions.
