Flux / Solder Gel AIM NC254 for BGA 20ml

Product ID: 21710

Price: **19.00 EUR**

Product weight: **0.05 kg**

Description:

Flux / Solder Gel AIM NC254 for BGA 20ml is a No-Clean flux. Flux has the consistency of a gel, is designed for the repair of electronic circuits, designed to virtually all surfaces wetted solder: solder pads, lead components. The flux can be used in the soldering point, to repair the imposition of balls BGA components. Increased wettability flux gives better results soldering. Solder connections are clear, smooth and shiny. Excellent results can be obtained either soldering soldering hand, using soldering station hot air station for repairs or reflow soldering oven.
