HTC S-OFF/SIMLOCK Service

Product ID: 16678

Price: **10.00 EUR**

Product weight: **0.50 kg**

Description:

HTC S-OFF/SIMLOCK Service is service that changing flag "Security" form S-ON to S-OFF. This service will permanently ROOT your HTC and allow you to flash generic original debranded roms or custom roms, and use of third party applications that are available in the public domain. The service is targeted to all who want debrand or repair their htc but hboot version wont allow it. If you have S-OFF you can also change the CID (Carrier ID) and MID (Model ID) directly from the fastboot mode. As part of this service you can also select optionally Unlock Network (SIMLOCK) service.
