Mission Darkness BlockBox Touch USB

Product ID: 23289

Price: 749.00 EUR

Product weight: 1.95 kg

Description:

Mission Darkness BlockBox Touch USB allows users to operate touch screens in order to conduct cell phone and tablet triage, analysis, and extraction while keeping devices shielded from all wireless signals. The portable analysis enclosure is constructed with a conductive glove/pocket, transparent viewing window, filtered USB port with exterior cable lock for data extraction and charging, multiple layers of high-shielding fabric, black ballistic nylon outer shell, NeoLok magnetic closure for forensics, and collapses to fit in slim carrying case. Accessory kit includes a cable set (universal angle USB A/M to A/M, lightning to USB, micro USB, USB-C, and USB extension), signal-dampening foam block, and stylus pen. It blocks WiFi (2.4 & 5GHz), Bluetooth, cell signals (including 5G networks), GPS, RFID, and radio signals with 90dB average attenuation.
