Mission Darkness TitanRF Faraday Patch Large

Product ID: 23301

Price: 14.00 EUR

Product weight: 0.20 kg

Description:

Mission Darkness TitanRF Faraday Patch Large offers the next generation of faraday shielding. It has been laboratory tested and certified to shielding effectiveness standards IEEE 299-2006 (see report details below). The high-shielding conductive adhesive rectangular sheet with rounded edges comes in multiple sizes. The flexible patch is primarily used to mend a punctured faraday bag, connect two sheets of TitanRF Faraday Fabric, seal radio frequency (RF) shielding cages, create a rapid faraday enclosure, EMI shielding, or as a pocket sticker to deflect cell phone radiation away from the body.
