Paraben Phone Recovery Stick

Product ID: 16478

Price: **139.00 EUR**

Product weight: **0.20 kg**

Description:

Paraben Phone Recovery Stick is a revolutionary product that can make anyone into a digital forensic examiner. The Phone Recovery Stick contains specialized investigation software on a USB drive that allows anyone to be able to investigate data on Android based cell phones and tablets even if they are locked with a pattern screen lock. Best of all, the Phone Recovery Stick can recover deleted data such as text messages (SMS), contacts, call history, internet history, and calendar entries. The latest version bypasses pattern/PIN locks as long as debugging mode is turned on.
