Penetrating and lubricating 100ml

Product ID: 17084

Price: **2.80 EUR**

Product weight: **0.15 kg**

Description:

Penetrating and lubricating 100ml preparation provides long lasting protection against leaching and abrasion. The product easily reaches all the nooks and crannies. It actively displaces water, permanently adheres to the metal surface forming a moisture-resistant protective and lubricating layer. Product is a very effective penetrating mean that helps to loosen seizured combinations of metals. Molybdenum disulfide contained in the preparation reduce friction of the components thus extending their life time. This improves conductivity of the electrical contacts.
