Quick 3000 reflow soldering kit

Product ID: 22113

Price: **1483.00 EUR**

Product weight: **21.00 kg**

Description:

Quick 3000 reflow soldering kit uses black infrared heating and a closed loop sensor to ensure temperature stability and stable temperature control. The lower heater is a ceramic tile generating black infrared, while the upper heater is made in the technology of infrared fluorescent lamps. This combination ensures maximum minimization of temperature differences on the BGA object and protects it from damage due to overheating and against so-called cold solder.
