Quick 443C Ionizer - Electrostatic discharge eliminator

Product ID: 22302

Price: **537.00 EUR**

Product weight: **4.00 kg**

Description:

Quick 443C Ionizer - Electrostatic discharge eliminator is a device for neutralizing electrostatic charges in the environment of electronic stations. Thanks to the compact size, low weight and the possibility of adjusting the angle of inclination, it optimizes the work without taking up space. The electronic LED screen indicates the ion balance, and the smooth adjustment-fan speed. Ionizer has communication with a computer using RS485 and the ability to connect up to 99 ionizers in one network and manage the network from a computer. It has programmable alarm thresholds and signaling their exceeding.
