Reading the screen lock code (PIN / Pattern) on Samsung S2x

Product ID: 22927

Product weight: **0.00 kg**

Description:

Reading the screen lock code (PIN / Pattern) on Samsung S2x/Mxx/Axx enables safe reading of the screen lock code while saving the data. The service is non-invasive - the phone does not need to have USB debugging or developer mode enabled, or an unlocked Bootloader. We don't disable code, don't remove it - we only decode it real value which allows access device. Service support leatest flagship devices including S2x//Mxxx/Axxx and leatest Android and Security Patch level.

NOTE: As one of the few companies on the market, we perform constant code reading at a flat price up to 9 digits long. You will pay the same regardless of whether the code is 4, 5, 6, 7, 8 or 9 characters long !!!
