

Remote Acquisition with Belkasoft - On-Demand Training Course

Product ID: 23560

Price: 922.00 EUR

Product weight: 0.00 kg

Description:

Remote Acquisition with Belkasoft - On-Demand Training Course This course is designed for those who want to learn the latest techniques and best practices for effectively acquiring critical data from remote endpoints. It covers the preparation steps, such as configuring a server and deploying an agent to an endpoint, and provides insights into practical ways to acquire data. Participants will gain hands-on experience in using Belkasoft products for remote acquisition and further data analysis.
