Set of MR monolithic adapters for SD cards

Product ID: 22085

Price: **1539.00 EUR**

Product weight: **2.00 kg**

Description:

Set of MR monolithic adapters for SD is set of 4, 6 or 8 pcs of MR adapters from our offer - you decide which one of adapters you want. MR adapters allows reading of demaged SD cards with different pitch/raster using NAND protocol without any soldering. MR series adapters are compatible with devices such as Visual NAND Reconstructor VNR (Rusolut), Flash Extractor (Soft Center) and PC3000 Flash (Ace Laboratory). The adapter replaces the need for any soldering to the card for reading and, thanks to unique solutions, it also enables quick XOR extraction or analysis and configuration of other pinouts than originally provided with the adapter using a logic analyzer. Use of the adapter minimizes the risk of card damage by soldering (ie pad breaking) and faster readings in SD card technology mode using various NAND programmers.
