Stencil for A7 CPU - QianLi ToolPlus 3D iBlack

Product ID: 22402

Price: **10.00 EUR**

Product weight: **0.20 kg**

Description:

Stencil for A7 CPU - QianLi ToolPlus 3D iBlack - the 3D feature of the Qianli Toolplus stencil makes fixing your chip much easier and 100% accurate. Enabling you to work faster and perform a perfectly precise job every time you reball a chip using these stencils. The holes are laser-cut instead of the the industy widely used, but enviromentally demaging cutting with chemical process. The resulting tin holes on the chip are precise and well-aligned. Additionally, black color makes it easy to distinguish the tin from the stencil providing therefore convenient and easy use. These stencils also feature a 3D relief, conceived for holding the chip in place under the stencil. This helps greatly to avoid mistakes by chip movement and make the work of technician easier and more efficient.
