SZM microscope articulating boom arm - STL10 model

Product ID: 22093

Price: 399.00 EUR

Product weight: 48.00 kg

Description:

SZM microscope articulating boom arm - STL10 model is a professional articulating boom arm allowing for trouble-free work with microscope heads offered by our company as well as heads of other manufacturers. The hanging bar bracket is spring-loaded so that the lever can be moved out of the way without having to release the pre-set position of the microscope head. The articulating boom arm uses a 30mm universal mounting which allows you to easily install the existing heads enabling trouble-free work to increase the area of work.
