Ultrasonic Cleaner Sonictek A - 1000ml

Product ID: 21771

Price: **9.00 EUR**

Product weight: **1.00 kg**

Description:

Ultrasonic Cleaner Sonictek A - 1000ml removes fats, oils, greases, organic and mineral impurities. Removes rust and rusty, oxide deposits on metals. It has a desulfurizing and chelating substance that binds metal ions. Sonictek A cleans quickly and efficiently the components of residual fluxes and rosins after soldering. Neutral chemically to commonly used materials. Produced on demineralized water. Liquid has a neutral pH (about 6). It does not contain aggressive hydroxides. Great for cleaning coins and jewelery made of precious and colored metals. Dissolves salts insoluble in water. It is not corrosive to leather, metals, plastics and other materials.
