Xytronic LF-8800 Soldering and Desoldering Station

Product ID: 14354

Price: **369.00 EUR**

Product weight: **14.00 kg**

Description:

Xytronic LF-8800 Soldering and Desoldering Station operates with the high power 32V/100W output that is specially designed for lead-free soldering/desoldering works to meet RoHS requirement. This unit built in a self-contained, oil free, maintenance free, and quiet running vacuum pump which is electronically controlled and will not overload with continuous use, eliminating the need for additional shop air. The vacuum pump provides up to 50cm/Hg (20in/Hg) suction power, activated by a push button switching circuit located on the desoldering wand. Internal solder collector in handpiece is quickly and easily removed for cleaning. The inside mesh aluminum cooling strip has better solder chip adherence. Also the ventilation slots makes for a cooler handle, improving operator comfort.
