YKUR Yepkit USB

Product ID: 22813

Price: **30.00 EUR**

Product weight: **0.20 kg**

Description:

YKUR Yepkit USB is relay board with USB and I2C controllable relay board with one in-board relay and four additional relay driver ports. The relay driver ports can be used to drive both mechanical and solid state relays (SSR). When connected through USB to a PC (or other USB Host), YKUR is seen as an HID USB device which does not require the installation of drivers and becomes automatically available to the control application software ykurcmd.
